

PRE-QUALIFIED RECYCLABLE MAILERS

CCSE insulated recyclable mailer, the perfect solution for direct-to-patient deliveries

HIGHLIGHTS

Features:

- Qualified using temperature-controlled and non-temperature-controlled (worst-case) test profiles
- Used with our Recyclable & Drain Friendly Gel Packs
- Design for refrigerated products (2°C to 8°C)
- Can be qualified for up to 30 hours

Suggested applications:

- Direct-to-patients shipments
- Same day deliveries

Ideal for:

- Distributors & Pharmacies
- Samples Distributions

Reduce your ecological footprint

The Pre-Qualified Mailer is 100% recyclable (PETE, LDPE) and can be disposed of easily and safely by customers or patients.

Simplify your operations

The Pre-Qualified Mailer is very simple to store, condition, assemble, and ship. Hassle free and efficient.

Avoid supply chain issues

The Pre-Qualified Mailer is 100% manufactured in Canada and can ship from Montreal, QC or Toronto, ON.

Cost effective

The Pre-Qualified Mailer is a cost effective alternative for shipping temperature sensitive products to patients.

Made of PETE
(Recycled plastic bottles)

Made of LDPE
(Recycled plastic)
